

Calgary's Premier Paint and Create Art Studio

Colour On Fire Art Studio (COF) is Calgary's premier locally owned and independently operated upscale contemporary art-making studio. We offer drop in open studio, paint your own pottery, canvas and glass fusion programs and services, at an accessible value added price.

All of our pottery pieces are ready to paint, then professionally glazed and kiln fired. The pieces are transformed into durable, brilliant, food safe works of art. Glass fusion is a fun and interesting art-making process and there are many options to choose from (i.e. jewelry, dishes). We also provide a wide selection of canvas sizes ready to paint and all required art materials and supplies.

With an exciting and constantly changing product line, innovative art education programs (K-12), "fun art" workshops and unique special events, COF Art Studio is the best place to be and be seen creating your own art!

COF is an accredited learning art studio and all of our programs are eligible for the Children's Art Tax Credit as they meet the CRA eligibility criteria.

We accept all promotions and coupons from our competitors, so please feel free to bring them in to be used towards your next purchase.

Colour On Fire Art Studio actively supports art and advances culture in Calgary.

School Art Education Programs (K-12)

We connect students to artwork through a variety of engaging access points. Programs focus on visual literacy, experimentation, collaboration, problem solving, innovation and interaction. Students create artwork inspired by grade appropriate Alberta Learning curriculum requirements and we work with teachers to maximize the time and value of each student's experience.

How it Works

- #1 You Pick It!
- #2 You Paint and Create It!
- #3 We Professionally Glaze and Kiln Fire It!
- #4 You Pick It Up!
