## In-Studio Art Education Classes

Visual art education teaches students visual literacy - how to interpret, criticize and use visual information to make choices based on what they see. We use a variety of materials and techniques in our classes. Art education strengthens problem solving and critical thinking skills and develops a sense of innovation which is important for people of all ages!

COF art classes will encourage you to delve into your imagination and develop your own personal style as you paint and create, whether you are a beginner or have previously acquired skills.

Each session takes students to the next level as they explore various techniques and mediums.
